**SITUATION OVERVIEW**

The majority of refugees from Ukraine initially fled to countries in the immediate vicinity. However, border policies applicable to Ukrainian nationals have allowed refugees to travel. Refugees may choose particular destination countries. Others have decided to stay closer to home, waiting for the security situation to improve.

<sup>1</sup> Some 2.2 million individuals have been registered for temporary protection or similar national schemes across 31 countries in Europe, including 1 million in countries beyond those neighbouring Ukraine.

<sup>2</sup> Movements back into Ukraine are being observed. They reflect cross-border movements, which can be pendular, and not necessarily indicate sustainable returns as the situation across Ukraine remains highly volatile and unpredictable.
