

What is Coursera for Refugees?

Coursera is an online platform to study various courses (business, marketing, politics, language etc) provided by prestigious universities and education institutions around the world.

Who can apply?

Ukrainians who entered Moldova after February 24th, have an e-mail address and minimal Internet connection, and are looking for developing new skills.

Citizens of Moldova who are engaged in refugee response through volunteering, individual assistance and are looking for developing new skills.

Language of studies?

Most courses are in English, because they are provided by big international educational institutions. But not all! Browse attentively, if you are looking for courses in other languages.

BTW, it could be your chance to learn English too.... 😊

Do you need Internet access to study the courses?

Internet is required to access the course and to download them. Once you have the course downloaded, you can complete it offline. There is COURSERA app, so cell phones and tables are enough to study.

Online Education is
NOW AVAILABLE for refugees
in Moldova via

coursera

FOR REFUGEES
