Mapping of the collective sites

- Starting from May 2022, the Cluster jointly with partners conduct regular exercise to identify collective sites of all types of ownership (state, communal, private). As of January 2022, **out of identified 7,885 collective sites**:
 - ❖ **2,467** are actively hosting IDPs;
 - ❖ **1,585** not active but ready-to-host IDPs if needed or hosting based on request
 - ❖ **2,712** closed ;
 - ❖ **1,120** status to be verified.
- Based on this, the **Cluster jointly with REACH prepared two maps** 1) map of active collective sites; 2) map of inactive but ready to host collective sites. The maps provides information on location density and number of collective sites on oblast level. The maps were shared by the Cluster through the mailing list.

Partners presence on the collective site level

- In December-January, the Cluster conducted exercise to **collect the lists of collective sites covered by the response of the CCCM partners**.
- The results of this exercise has limitations: 1) partners continue expanding their presence in 2023; 2) some partners didn't provide full data.
- The Cluster plans to update this information on quarterly basis.
- **359 collective sites (15%)** are supported by the CCCM partners. Chernivetska, Lvivska and Zakarpatska oblasts confirmed higher coverage (16%) by partners.

UHF Updates

- Next week, UHF jointly with Clusters will discuss **multi-sector and/or thematic priorities, as well as Clusters'** priorities for the upcoming 2023 First Standard Allocation, which will be launched in March.

CCCM Cluster recommendations for intersectoral response will include:

- **Older people and people with disabilities:** 1) Providing social care and PSS for older people and people with disabilities in collective sites; 2) Installation of infrastructure and bathing facilities for people with limited mobility;
- **Children:** Creating child friendly spaces in collective sites; Improving access to education for children residing in the collective sites;
- **Access to services:** Improving access to basic services (including healthcare, markets, and social services) for IDPs residing in collective sites (for example: providing transportation services; access to information);
- **Local integration:** Initiatives to support integration of IDPs to the hosting communities;
- **Employment and livelihoods:** socio-economic interventions to support IDPs moving out of the

2023 Collective site monitoring

- In 2023, collective sites monitoring will be conducted **on a bimonthly basis**;
- The next round (R7) of data collection **is scheduled for 15-28 February**. This year new partners will join CSM;
- In 2023, during data collection process partners will be using only long questionnaires.

CCCM Cluster IM update

- CCCM cluster as part of the Humanitarian Response are working on the 2023 Monitoring Framework.
- Cluster IM and OCHA are setting up ActivityInfo platform for reporting to the cluster.
- Partners training and agreeing on reporting modalities to be started by **27th February**.
- Reporting Frequency is on a monthly basis
- Data entry expected to be finalized by **5th April** (for first 3 months of the year).
- Partners who started 2023 programme are required to submit their monthly progress via the template that will be shared with the focal points by **16th February**.
- Partners to share the details of the Focal point for ActivityInfo/5Ws by **Thursday 9th COB**

Sub-national Updates

- On 4-5 February, Minister for Reintegration, Iryna Vershchuk, has visited Lviv and Ternopil to meet with the local authorities, Clusters, and NGOs to discuss the humanitarian situation in the oblasts.
- During the meetings, the Minister highlighted **the key priority for the Ministry in 2023 - local integration and employment opportunities for IDPs.**
- **Children need to be better integrated to local education systems** – 17,000 IDP children in Ternopilska oblast are learning online.
- Given a big share of older people and people with disabilities among displaced population, **there is a need to establish centers, where these groups could be accommodated and receive social and medical support.** Healthcare infrastructure is overstretched.
- Social workers need additional training on provision of first psychological aid to better support displaced population.
- There is plan to establish modular CSs in Zbarysh (Ternopilska oblast) for 5,500 IDPs.
